Mark 10:46-52

1. What are common places that we often go to find validation?
2. In what ways are those places good or bad?
3. What are everyday ways we communicate our identity?
4. Are there ways that you have found yourself or others assigning an identity to someone? (clutching our purse near an underhoused person, becoming anxious around a celebrity, etc.)
5. What does a Christ-centered or Cruciform identity look like?
6. Do we feel that this is what the church in our context looks like?
7. How can we go from where we are now to where it should be?
