Kevin Sneed

Psalm 100

1. Kevin started his sermon off with a bang by saying that, “The meaning of life is love” and “this idea has transcended across time.” Would you agree with this, and why/why not?
2. “The idea of love comes from the influence of Christmas” (can’t shake the way it’s affected us). How would you describe this to someone?
3. “Advent is a lens through which we see how love came down and lived among us.” Have you experienced this to be true?
4. Kevin mentioned that, “we all experience the dissonance that the world is broken, yet waiting for the Lord to renew all things.” How do you manage this tension?
5. “Love breaks through the darkness?” How has the love of Jesus broken through a situation or circumstance for you?
6. Kevin explained that, “Jesus came to be known, not for us to acquire more information.” Do you believe that you truly know Christ, or just know about Him?
7. “Love is the center of who God is.” How have you personally experienced this?
